

Saddle Chair Saddlex

For ergonomic sitting to encourage muscles work by obliging a correct sitting position

Ergonomic benefits

- + Chair forces to maintain a correct sitting position that benefits your muscles.
- + Seat is soft for comfortable sitting and for reducing pressure points to make circulation easier
- + Seat nose is low to minimize pressure on genitals
- + Seat design allows to keep legs comfortably near each other
- + Seat-tilt as standard, tilting steplessly lockable in any position
- + Height-adjustment by selection of gas springs to suite best every user

The seat front is low to minimize pressure to the genital areas.

Other benefits

- + High-quality leatherette cover is very durable. For example scratching with hard object leaves almost no visible trace.
- + Low weight, nearly half of some other saddle chairs, makes moving easy

Saddlex with back rest
