

# Mini Saddle Chair Saddlex Mini

---

Space-saving and light to move

## Ergonomic benefits

- + Ergonomic saddle-form seat
- + This chair obliges one to maintain a correct sitting position that benefits the muscles.
- + The seat is soft for comfortable sitting, whilst at the same time for reducing pressure points to make circulation easier
- + The seat nose is low to minimize pressure on the genital area
- + Forward seat-tilting comes as standard, the tilting is stepless and lockable in any position;
- + The gas-spring height-adjustment is user-selected to best suit personal comfort

## Other benefits

- + Chair takes about 30 % to 40 % less floor space than usual saddle chairs.
- + Very low weight, weight of lightest model is even less than  $\frac{1}{3}$  of weight of some usual saddle chairs, makes moving easy
- + High-quality leatherette cover is very durable. For example scratching with hard object leaves almost no visible trace.

Saddlex Mini takes about 30 % to 40 % less floor space than usual saddle chairs.

Very low weight makes handling easy, even by one hand

The seat front is low to minimize pressure to the genital areas

High-quality leatherette stands well for example scratching with hard object

## Guidance for choosing gas spring length

User height	Seat height	Gas spring
Under 150 cm	43-53 cm	XS
150-160 cm	52-69 cm	S
160-180 cm	53-74 cm	M
over 180 cm	62-87 cm	L

## Product codes

16016XS	Saddlex Mini, height adjustment 43-53 cm
16016S	Saddlex Mini, height adjustment 52-69 cm
16016M	Saddlex Mini, height adjustment 53-74 cm
16016L	Saddlex Mini, height adjustment 62-87 cm

The shortest gas spring descends to as low as 43 cm, which is suitable for example for kindergarten teachers.
