

Evoluent VerticalMouse Small Wireless

Right-handed

Avoids forearm twisting for comfort and good health*

The patented shape supports your hand in an upright neutral posture that generally avoids forearm twisting. Many users, including medical doctors, ergonomists and physical therapists, said the Evoluent

VerticalMouse provides superior comfort and even relieved their wrist pain.*

The Evoluent VerticalMouse 4 Small Wireless is for hands less than about 7 inches or 178 mm long from the tip of the middle finger to the wrist crease. To see if VM4SW fits you, [download a full-size pdf by clicking here](#), print it and put your hand on it. If your hand is the same size or smaller than the drawing, VM4SW may fit you better than the regular VM4R.

Comfortable and easy to use

The shape is thoughtfully sculpted for uncompromised comfort and easy-to-reach programmable buttons. No finger contortions are needed to operate the buttons.

Adjustable laser sensor

Pointer speed controls on the side allow convenient adjustment without even releasing your grip from the mouse.

Improved thumb rest

The thumb rest has been reshaped to provide even more comfort over earlier versions.

Pointer speed indicators

Top mounted LEDs show through the chrome thumb rest to indicate selected pointer speed including extra low (XL), low (LO), MD (medium), to high (HI).

Mini receiver

The tiny 2.4 GHz receiver avoids being knocked off the side of a notebook computer.

Horizontal Scroll

Evoluent VM4 has a special feature of horizontal scrolling. If you want to use it write us in which program (Microsoft Excel, Google Sheets) you want take advantage of it and we will send you instructions concerned.

Now two thumb buttons

A new bottom thumb button provides greatly extended functionality when used with the included driver.

Lighted Evoluent logo

The logo is pure eye candy. The illumination turns off when the system is in sleep mode to conserve notebook battery power.

Extended lip prevents rubbing

An extra wide lip along the bottom edge prevents the last finger from rubbing the desk.

Powerful and intuitive driver

Evoluent Mouse Manager for Windows provides extensive but easy to use functionality for 6 buttons through a simple and intuitive interface.

Compatibility

The VerticalMouse 4 has basic functionality without an additional driver. Additional drivers are used for programming the extra buttons.

Windows

- Includes driver for Windows XP, Vista and Win 7 in 32/64 bit and Windows 8/8.1 in 64 bit for programming all 6 buttons. The driver is not required. The VerticalMouse 4 still has basic functionality without it.
- Freeware driver for other Windows versions at www.highrez.co.uk/downloads/XMouseButtonControl.htm (Evoluent has no business relationship with this vendor.)
- USB only; not compatible with PS2 adapters. May be compatible with some USB KVM switches but it is not guaranteed.

Mac

- Basic functionality in OS X or newer without a driver.
- Shareware drivers are available at www.boastr.de , www.plentycom.jp/en/steermouse and www.usboverdrive.com for programming the buttons. (Evoluent has no business relationship with these vendors.)

Linux

- Basic functionality without a driver

Unix

- Compatibility unknown.

Approved mouse of University of California at Berkeley

The Evoluent VerticalMouse 2 (an earlier model identical in concept) was evaluated in 2007 by a team at the health services clinic in UC Berkeley, including medical doctors, physical therapists, ergonomists, and administrators. It was found to be comfortable, easily adapted to, and promote a neutral wrist and forearm posture. It was the only vertical type mouse approved for staff use within UC Berkeley and for sale in the campus store at that time.

* The statements herein apply to some current or past users of Evoluent VerticalMouse, but since everyone is different, Evoluent makes no claim or representation that the Evoluent VerticalMouse will prevent, cure, or mitigate any medical condition, disease, injury, pain or discomfort for all users.

Evoluent suits for those allergic to rubber

People allergic to rubber can use the Evoluent mice with no harm. There is no latex or rubber in the Evoluent mice. The scroll wheel, for example, is of silicone.

Guarantee

Evoluent mice have a guarantee of 2 years.
